

B20 Summit Indonesia 2022

Advancing Innovative, Inclusive, and Collaborative Growth

13-14 November 2022

Bali, Indonesia

About B20 Summit Indonesia 2022

The B20 is the official G20 engagement group representing the global business community, with a mandate to deliver actionable policy recommendations on the priorities established by each presidency. The B20 Indonesia 2022 is hosted by the Indonesian Chamber of Commerce and Industry (KADIN Indonesia).

Held on 13-14 November 2022 in Bali, this year's B20 Summit embraces the theme of **"Advancing Innovative, Inclusive and Collaborative Growth"** in support of the G20 theme, "Recover Together, Recover Stronger".

The B20 Summit brings together the world leaders and more than a thousand CEOs and senior executives representing leading multinational corporations. This event aims to stimulate enriching discussion by policy makers, business leaders, and thought leaders towards driving innovation, ensuring inclusive growth, and strengthening collaboration for global welfare and prosperity.

Agenda

Facing unprecedented challenges like the COVID-19 pandemic and climate change crisis, B20 Indonesia seeks to gather inputs from G20 business communities to address global issues through connected and collaborative efforts in all aspects of the global economy. Six Task Forces and one Action Council were established to formulate actionable policy recommendations on issues deemed pressing on a global scale:

- Trade & Investment Task Force
- Energy, Sustainability & Climate Task Force
- Digitalization Task Force
- Finance & Infrastructure Task Force
- Future of Work & Education Task Force
- Integrity & Compliance Task Force
- Women In Business Action Council

In addition to the speeches by and conversations with the heads of states and other top speakers participating in the Summit program, the final policy recommendation resulting from the year-long process by the B20 task forces and action council will be presented to the delegates in an engaging way.
